Arrowwood's Sports Day Celebration on Monday, June 3rd

Arrowwood Social Credit Study Group Notes

A Social Credit Meeting was held Tuesday evening, May 28 in Phillips Hall, with a fair attendance. The chair was taken by R. H. Anderson and the meeting opened with the reading of the minutes of the meeting of May 11th. These were adopted as read.

After some discussion it was decided to hold the meeting of June 5th in the Phillips Hall instead of the rink as before arranged. This is the meeting at which Mrs. Gostick, of Calgary, will be the speaker. A musical program is being arranged by Mrs. E. Lewendon and Mrs. E. H. Coleman, assisted by Mr. F. Westwood. Chairman for the meeting will be L. H. Irwin.

Everyone is cordially invited to attend this meeting and every thing possible will be done to make it enjoyable.

An effort is being made to get one of the prospective candidates to address a meeting to be held on Tuesday June 11th.

Queenstown Sports Day Friday, June 14th

Under the auspices of the Queenstown Baseball Club, a sports day program is being arranged for Friday, June 14th, consisting of a baseball tournament, horseshoe contests, tug-of-war, races, etc. In the baseball Arrowwood plays Queenstown and Blackie plays Lomond. The winning teams will play off at 6:00 p.m. The day will be brought to a close with a dance in the evening. The music will be supplied by the famous Len Davis 7-piece orchestra.

TRAIN SCHEDULE AT GLEICHEN

No. 1 Westbound	8:25 p.m.
No. 2 Westbound	8:45 a.m.
No. 2 Eastbound	8:31 a.m.
No. 4 Eastbound	7:15 p.m.

Social Credit Meeting

A Big Social Credit Meeting Will be Held in the Arrowwood Theatre on

Wednesday, June 5th, at 8 p.m.

SPEAKER: MRS. GOSTICK

Everybody Welcome

Queenstown Items

Set aside Friday, June 14th for Queenstown's big baseball sports day. The committee is planning a good program.

The Shouldice School played football with the Queenstown School Wednesday afternoon. Both schools did very well, the Shouldice school winning by a score 10-0.

Mrs. McBride of Drumheller is a visitor to her sister Mrs. J. McLaughlin.

Seeding is pretty well over in this district this being the latest spring for some time.

Mr. J. Winkler has been quite ill for some time. Here's hoping he will soon be well again.

Don't forget the entertainment and dance sponsored by the Queenstown Baseball Club, Friday, May 31st. The concert starts at 8:30 p.m. and the dance commences immediately after the conclusion of the concert.

A number of the returned Vets attended the sports in Gleichen on May 24th.

W. J. Schultz, our new storekeeper handles the Arrowwood Bread. He believes in selling to his customers the best of everything.

The dance of the year—Friday June 14th. Music by the popular Len Davis 7-piece orchestra.

List of Household Articles For Sale

- 1 Beatty Electric Washing machine.
- 1 Stove.
- 1 Folding kitchen table and 2 chairs.
- 1 Small kitchen cupboard.
- 1 Divanette and 2 chairs.
- 1 Bed, springs and mattress, full size.
- 1 Dressing table.
- 1 Wicker tea wagon.
- 1 Round oak table, medium size.
- 1 Square dining table.
- 1 Large cupboard.
- 1 Radio, Victor, electric.
- 1 Child's table.
- 1 Oak dining room suite, round table with 5 ten-inch leaves, 6 chairs, buffet, china cabinet.
- 1 Child's bed and mattress.
- 1 Set of flat irons.
- 1 Electric Iron ironing board.
- 1 Cabinet, suitable for books.
- 1 Floor lamp.
- 1 High chair.

These articles may be seen at Mrs. Parvill's home any time between 10 a.m. and 6 p.m.

Arrowwood Seniors in Winning Form

In a baseball game of extremely high calibre the local Seniors nosed out the the Nanton nine by a 5-4 score after ten innings of play at Blackie May 24th. This game was the first of the day's tournament and a large crowd gathered to witness the display of baseball rendered by these two representatives of the Foothills League and the Bow Valley League.

Youth and age played the major part in winning the game for the locals with the veteran Fred Miller going bigger and better than ever, while the team's youngest recruit, Frank McCullough, slashed out a ripping drive in the tenth inning to drive in the two runs which gave Arrowwood a 5-4 lead.

It was the first game of the season for both clubs but the class of baseball was nevertheless of the highest. McLaren and McKenzie, the Nanton battery were working effectively while Tommy Thompson, Nanton's veteran second baseman had a regular field day, handling all chances with ease. The Bowman brothers played their usual steady game as did Archambault behind the bat. The local team presented a somewhat re-arranged lineup and at all times the determination and support rendered enabled their star hurler to bring the season off with a win.

Arrowwood—Archambault c, D. Bowman ss, M. Bowman 1b, H. McCullough 3b, F. McCullough 2b, Shultz cf, Miller p, Mason rf, Cary lf.

Nanton—Thompson 2b, Kitchen lf, McKenzie c, Dick 3b, Fanning 1b, McLaren p, Buck s, Smith cf, Wright rf, Deman rf.

Score by innings
Nanton—0 0 0 2 0 1 0 0 0 1—4
Arrow—1 2 0 0 0 0 0 0 2—5

Shouldice News

Miss Pearl Soli and Miss Kennaugh spent the week-end at Carleton.

Mr. and Mrs. G. Williams and family spent Monday, May 27th at Calgary.

A number from Shouldice spent May 24th at Gleichen.

Mr. D. McArthur of Calgary who has been visiting at the Taylor farm returned home May 25.

Mr. and Mrs. D. Yuill entertained a number of friends Thursday in honor of Mr. Yuill's birthday. Cards were enjoyed by all. Those present were: Mr. and Mrs. Yuill, Miss C. Corneil, Mrs. M. Lawlison, Mrs. Weberg, Messrs. H. Jensen, O. Young, F. Winkler, D. McArthur and J. Taylor. A lovely lunch was served by the hostess.

A large number of Indians are expected to attend the Sports Day June 3rd. Prizes are being offered for best dressed Indian and Squaw.

Leroy Richards Pitches A.H.S. to Victory

The A.H.S. baseball team got into the winning column on Thursday evening of last week when Leroy Richards, youthful southpaw hurler, baffled the Vulcan nine with his portable delivery, holding them to four runs while his team-mates were blasting their way to collect 7 runs. Errors on the part of the visiting nine were costly in the first inning when D. Snow was able to pile up a lead of 5 runs. Richards and Norton, the local battery, were a treat to watch as they displayed their baseball ability. The locals found the going plenty difficult however when D. Snow took over the mound duties for Vulcan in the 5th inning. This promising young junior gave an excellent display during the 2 innings in which he worked. Frank McCullough was the day's best hitter, squeezing through with a home run in second.

Arr'd—Norton c, L. Irwin ss, McCullough 2b, Vancil 3b, J. Dunka rf, Cary lf, Scott lb, N. Dunka cf, Richards p, Umpire—B. E. Hales

"Casey" Norton Pitches Great Game

Upholding the record of the A.H.S. and winning further credit for his team, the local boys pounded six different pitchers out of the box at Vulcan Wednesday night to win by a one sided 14-5 score in 6 innings. The Vulcan nine, bolstered by the addition of several new comers and former senior players were completely at the mercy of "Casey" Norton, who served the benders for the A.H.S. It was the first attempt of this youthful hurler this season but Casey had everything his successful pitcher needs. He collected 8 strikeouts in four innings, limiting the Vulcan boys to 2 unearned runs. The A.H.S. showed the results of coach McCullough's training and the Vulcan fans were loud in their acclaim of the Arrowwood nine. To single out any individual stars of the game would be difficult as every player performed in veteran style to contribute to the team's success. Leroy Richards pitched the last 2 innings for the A.H.S.

Arr'd—Norton p, Irwin c, McCullough 2b, J. Dunka ss, Vancil 3b, Williams rf, Cary lf, Scott lb, N. Dunka cf, Richards p.

Vulcan—Snow, Jones, McIntyre, Crut, Lundgren, Scott, Patriguin, Robson, Weisner, Ulrich.

One of the main events of the Arrowwood sports will be a baseball tournament among the following teams: Queenstown, Blackie, Lomond and Arrowwood. Come and enjoy yourself.

The girls of Grades XI and XII and their mothers were the guests of Miss E. M. Joannejohn at the tea-herage on Saturday afternoon, May 25, when they were entertained at Tea. The afternoon was greatly enjoyed by all present.

Arrowwood Notes

Mr. Chet Johnson and family celebrated Empire Day holiday at Cowley.

Jr. Egli, of Sunset Valley district, was a visitor to Arrowwood Tuesday.

If you want to see the parade on June 3rd, be sure and come early as this event takes place promptly at 10.30 a.m.

Inspector Balfour made his official visit to the Arrowwood High School Monday and Tuesday of this week.

According to current reports, a large crowd is expected to attend the annual sports day at Arrowwood, June 3rd.

The U.F.W.A. meeting has been postponed from June 5th until June 12th and will be held at the home of Mrs. M. H. Ward with Mrs. Ellis assisting.

You will be sure to hear plenty of good music on the grounds at the Arrowwood Sports. The Len Davis Orchestra will play throughout the afternoon.

Precipitation this week, nil; total from April 15 this year, 1.88 as against .60 last year in the same period, according to Scarle Grain Records.

A number of members of the Arrowwood U.F.W.A. were present at the Conference in Queenstown Hall, Wednesday May 29.

A social credit meeting to be addressed by Mr. F. Gostick, will be held in Phillips Hall on Wednesday, June 5th at 8 p.m. A musical program has been arranged.

Mr. Jay Beagle informs us that the 1935 model grasshoppers have put in their appearance.

(Continued on page 4)

The Little Bow Constituency Meeting at Vulcan

A most enthusiastic board meeting was held in Vulcan on Wednesday, May 22nd, at 2 p.m. Board members were in attendance from the extreme South and as far north as Arrowwood. Matters of vital interest to the citizens of this constituency were thoroughly discussed and disposed of to the satisfaction of all present.

Board members announced their intention to go into the election with a determination to face issues of the day clearly and definitely.

It was decided to hold the nominating convention on June 5th at 1.30 p.m. in the Vulcan Theatre. Every local is invited to send a full delegation to this meeting when we shall nominate one (not 4) to represent us in the coming election. The choice is squarely in the hands of your delegates.

The honorable J. F. Lymburn of the Attorney General's Department will be the speaker for the evening. The musical interludes are being arranged by Mrs. U. L. Oldfield.

You are invited to attend this meeting and to take part in the discussions. We want to hear both sides of the vital questions confronting our people to-day.

Here and There

A further concession to the travelling public announced by C. P. Riddell, Chairman, Canadian Passenger Association, in the statement that, in future one-month round trip railway tickets previously good for continuous passage only between departure point and destination, will be valid for stop-over at intermediate points good and returning. For many years Canadian railways have been selling one-month round trip tickets at the one-way fare, less ten per cent, good for continuous passage only. Now, the stop-over privilege is granted without any increase in fare and passengers deciding on route to stop over, may do so on application to the conductor. This concession, it is felt by railway officials, will do much to further promote travel by rail in Canada.

Little Bow Nominating Convention

To Be Held in the Vulcan Theatre

WEDNESDAY, JUNE 5th, at 1.30 p.m.

All U.F.A. Locals are asked to send a full delegation to this Convention.

Musical numbers are being arranged for both afternoon and evening sessions.

Hon. J. F. Lymburn will speak on matters of vital interest to every voter of this Constituency.

Come and take part in the discussion. Mr. Lymburn, the Attorney General of this Province, really understands and knows the problems confronting us today.

You Are Welcome

Helps Building Industry

Chemistry Comes To Aid With Many New Materials

Even eggs and milk may enter the making of new construction materials in a building boom predicted by famous chemists at the opening session of the American Chemical Society's tercentenary celebration in New York.

A boom in the building industry inspired by discoveries of chemists of many made during the depression, was forecast by Prof. James R. Whitlow of Ohio State University.

Artificial stones are already made in every color and with any degree of hardness a customer desires. Wood rot and metal rust are both stopped by numerous new protectives. Bricks that partake of the lightness of thistle-down and other light-weight construction materials promise much higher, yet even safer skyscrapers.

Queen Mary's Tea Chest

Gift From Ceylon To Be Exhibited In Toronto

Visitors to the Ceylon exhibit at the forthcoming Canadian National Exhibition in Toronto will have an opportunity to see the beautiful chest presented to Her Majesty at Christmas by the Empire Tea Growers. The chest is made of rare and lovely woods—rosewood from India and ebony with satinwood and ebony from Ceylon and purpleheart from British Guiana, the woods being left in their natural state, and always available to Her Majesty. The inlay on the lid has the Queen's royal cypher. When presented to Queen Mary the chest contained fifteen pounds of the finest grown Empire tea, valued at over \$3 per pound.

NOT A RHEUMATIC PAIN FOR 4 YEARS

70-Year-Old Man Praises Kruschen

A man who once suffered severely from rheumatism writes: "I have been 'For a long time I suffered with rheumatism at all times of the year for about nine weeks. About five years ago I was advised to try Kruschen, and I have been continued using them ever since. Kruschen has the trick, as I have not had a rheumatic pain for over four years. I am nearly 70 years of age, and feeling fine, and always able for my day's work—thanks to Kruschen."

A. S. Kruschen dissolves away those needle-pointed crystals of uric acid which are the cause of rheumatic troubles. It will also flush these dissolved crystals clean out of the system. Then if you keep up the "little daily dose," excess uric acid will never form again.

Of Canadian Make

Dominion Supplies Medium-Quality Gauntlets For English Motorists

Motorist and motor cyclists in the United Kingdom are buying gauntlets when driving during the winter. Even during the summer months motor cyclists use them when travelling at night. A large proportion of the medium-quality motor cyclist's gauntlets are of Canadian make, according to the Industrial Department of the Canadian National Railways. While the British are experts when it comes to sheepskin gloves, strange as it may seem, in the case of those made of heavier leathers, such as cow, mule and horse hide, they have to be imported.

A Dangerous Procedure

Doctor Warns Against Forced Giving Of Cod Liver Oil

Dr. Irving H. Kohn, pathologist of Bellevue hospital, New York, told the American Association of Pathologists and Bacteriologists, mineral oils and animal fats drawn into the lungs of infants and adults had proved fatal in six cases of pneumonia. Cod liver oil, described as good when taken into the stomach for bone building, Dr. Kohn said was deadly when it entered the lungs. He cited one case to show the danger and entered the lungs through forcing a reluctant child to swallow it by holding his nose.

Umbrella Works Lido

Because one cannot carry an umbrella when wearing a uniform and maintain one's dignity, the rain should have gone out of style in Germany. As a result 150,000 people in the umbrella industry have been thrown out of work and manufacturers are seeking ways and means to bring the umbrella into a new age.

Another Surgical Find

Human Suffering Reduced By Operation On Pain Nerves

Surgery on the nerves of pain offers hope of reducing human suffering.

The operations possible were reviewed by Francis G. Grant, M.D., of Philadelphia, at the meeting of the American College of Physicians.

Some of the fibres form the bundle of nerves just at the point where three threads, carrying the sensation of pain, others give the movement orders.

By cutting the pain fibres in the spinal cord pain can be stopped in the legs and up into the pelvis. Touch and position nerve fibres remain unimpaired and the movements of the legs are not interfered with.

Another operation severs the roots of some of the nerves, but is seldom used because, while it relieves pain, it interferes with movement.

Seeking to "block" the "pain pathway" through the nervous system is the latest method of attack. This has been done successfully for some pelvic malignancies and for angina pectoris.

Powerful Searchlight

Throws Beams Which Will Illuminate Objects Within Fifty Miles

Residents of Pittsburgh city gazed in wonderment at a powerful shaft of light that penetrated the darkness for many miles. It originated from what engineers say is probably the world's most powerful mobile searchlight—under development prior to its delivery to the United States army.

The searchlight is a 60-inch giant and throws a beam of 750,000 candle power. Engineers who built it say the light's concentrated, narrow beam will illuminate any object within 50 miles. The "detecting" equipment is entirely mobile, carried aboard trucks.

An aeroplane with a 100-foot wing spread flying 20,000 feet high and six miles away appears to the human eye about as big as a wasp.

Under such conditions—and travelling at 250 miles an hour—would be quite difficult. The searchlight is designed to do it, and expose the plane to the fire of anti-aircraft artillery.

Upholding The British

New York Paper Sticks To Statement About War Debts

The New York Daily News says: "We've received a number of unfavorable letters in reply to our editorial in which we said England is right in refusing to pay any more of its war debts to us for the time being. These letters advise us that we are in the pay of the Redcoats, traitors to Uncle Sam, trying to lick the King's boots, etc."

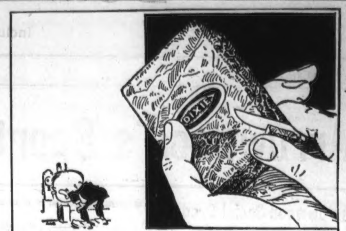

Let's come down to brass tacks. How about our debts to our own people (and to our foreign friends who happen to be our bonds)? We aren't paying them, are we? President Roosevelt has taken 40 cents out of every dollar, and he won't pay a dollar of those debts in gold.

Furthermore, our Supreme Court sustained that default. So if John Bull is a nasty old regulator, what is Uncle Sam?

The fact is the war cost so much that every country which took part in it, including ourselves, has had to repudiate a large part of its war debts."

Cameps For Russian Farms

Farmers of Soviet Russia are to be supplied 257 camels this year to be used in the establishment of new colonies. The camels are from the Semiratskiy district of Western Kazakhstan now 2,355 ships of the desert, the herd increasing 24 per cent in 1933.

How Spare Pennies Grow

British Post Office Savings Increased By \$28,000,000 Last Year

More pennies and shillings than ever are being put into Post Office Savings Banks in Britain. The head office has announced that deposits of small savers have reached the record figure of \$355,000,000. They increased by \$28,000,000 during last year alone. Over the last two years they have increased by \$50,000,000.

These large sums are made up entirely of the occasional spare coins of villagers and townsmen in Britain. One of the methods of saving is by special stamps and stick them in a savings book. When a certain number have been collected the book is given in to the local post office and the amount represented is credited to the saver's account.

Last year 250,000 "home safes" were issued. These are special post office home money boxes which can be taken to the local post office when the owner desires and the amount in them credited to his account. The Post Office Savings Bank now has more than 9,500,000 depositors. And that number is increasing by 12 per cent each year.

Are Becoming Important

Aviation Is Creating Interest In Islands Of Ocean

Soon every little island in the ocean is going to find itself important and it is certain that, with aviation developing as it is, places which in the past have not even been spots on the map will become centres of interest. Here, for instance, is the case of the Wake Islands, away out in the Pacific Ocean. These are three small islands, with a total area of not more than 2,600 acres, yet they are to be a point of call on the proposed U.S.-China air route, plans for which are now well under way with Pan-American Airways and the United States Government co-operating.

If on rising in the morning you stand in your pyjamas before the open window and slap your chest with both hands for several minutes you will notice a crowd slowly gathering in the street below.

Clubs for railroad workers are being organized in Russia.

Bible Distribution

Colporteurs Deliver An Average Of 30,000 Bibles A Month

By dog team in the far north and on foot through every part of Canada, Colporteurs distribute an average of 30,000 Bibles a month, according to the annual report of the Canadian branch of the British and Foreign Bible Society.

An increased demand for Bibles in English is reported from foreign language groups of workers in Western Canada.

After all expenses were met, \$39,400 was sent to London for worldwide work compared with \$23,000 in 1932. Bibles distributed showed an increase of 22,000.

Planning

In these days much is heard of the art of planning and the dire necessity for scientific, constructive planning in finance, economics, industry, social services, in fact in all the organization of our modern life and its varied interests and activities. Indeed, if a person was prepared to unthinkingly accept the advice being so freely tendered in many quarters, only one conclusion would be reached, namely, that mankind in mass could, if it would, definitely plan and order its way of life, and clearly and authoritatively scale and draw a plan that would work with the simplicity and accuracy of the multiplication table.

But life is not like that; too many contrary factors enter into the scheme of things and life, too many factors influence and natural laws which are beyond human control to permit of any such artificial planning that will prove workable and fool proof. As the poet Burns so well expressed it:

The best laid schemes o' mice an' men
Gang aft a-gley,
An' their end is their way but grieve and pain,
For promised joy.

Two years ago President Roosevelt's "brain trust" decided that the whole economic life of the United States could be planned and charted in advance; that it could scientifically plan and control the production of that great country so as to overcome and prevent what was alleged to be the evils of over-production. It set out to do so, but instead of facing the primary cause of the alleged over-production, it adopted and acted upon the easy formula that all that was necessary was to compel by law a reduction in the volume of production.

So what farmers were bonused, not to grow wheat, but to stop growing it; cotton planters were bonused to stop growing cotton; farmers were paid to quit raising hogs, and so on and so forth, and the consuming masses of the people were taxed in order to raise the funds wherewith to pay these bonuses on destruction. Then nature stepped in, with its usual unobtrusive supply of rain, sent excessive heat and blistering winds and swirling dust storms, and in a brief space of time reduced production over many mistakes errors, and to a far greater extent, until within a few months a shortage of supplies faced the nation instead of an over-production, which over-production had actually resulted from a previous form of artificial planning in the shape of tariffs and other trade restrictions.

Following the Great War, the statement of the world assembled in Paris to draft a treaty of peace and to plan the future of Europe and the world. They labored for months, created elaborate international machinery to direct and control world affairs, re-arranged the boundaries of countries, and gave birth to new nations. On paper their plans looked good; they were hailed as a great advance in the cause of world peace and international goodwill and co-operation.

But in the years that have followed all the passions, prejudices, suspicions, racial and religious animosities and vagaries of human nature have continued to hold sway over millions of mankind. Much of the planning has proved an abject failure, some of it has been thrown into the discard, and what remains is in danger of destruction through another world upheaval.

Thus has it been amply demonstrated that man cannot direct and control the immutable laws of Nature, nor can he forecast them in any scheme of planned economy he may devise; neither can a few planners, however able and sincere they may be, draft plans and charts which will work despite all the setbacks, the ambition, the ignorance, passions and prejudices of man.

This being so, the nations are now being told by the planners that mankind in the mass can no longer be trusted; that democratic forms of government are a failure; that instead of the people creating and controlling their governments, forms of government must be set up which are controlled and directed by a few, will super-impose their will upon the masses, control and order the people, instead of the people controlling the governing bodies.

Such a plan may be inaugurated; it may work for a time, but not for long. It can never possess any degree of permanence, because man was created a free being, a free mind, a soul of his own, and in that final analysis he will, because God and his own nature intended that he must, work out his own salvation. No other power, and least of all a government, can do it for him.

Nevertheless, there must be planning and there must be control and direction. Everything cannot be left haphazard, otherwise chaos and disorder would ensue. But it must be recognized that there are limitations to all planning, and those imposed by Nature's laws and by human frailties cannot safely be ignored. In the planning of the future, the determination of every man to be a free man and enjoy liberty is denied; any attempt to do so will breed revolt. It always has. But liberty does not mean license, and in license liberty for himself each man must recognize the rights of others and accord liberty to others.

Therefore, in all our planning the improvement and advancement of the individual must precede improvement of any system that may prevail. It is putting the cart before the horse to try and improve the system first and thereby ignore the man; it must be the other way round. God does not remove all evil and temptation in the world, but we are taught to pray that we may be free from temptation.

The proper study of mankind is man, and the proper, only permanent, planning is by individual man, namely, that he so order his life and his activities, so control his passions, that he may be as to God within the plan laid down in the Golden Rule—Do unto others as ye would that they should do unto you.

National Barley Committee

Barley is graded according to quality into two classes, i.e., Malting Barley and Feed Barley. The malting grades are No. 1 C.W., No. 2 C.W., No. 3 Extra C.W. (six row and two row respectively). The feed grades are No. 3 C.W., No. 4 C.W., No. 5 C.W., and No. 6 C.W. barley.

According to the Canada Grain Act, six row malting barley must be of a variety or type equal in malting quality to O.A.C. No. 21. On recommendation of the National Research Council the Board of Grain Commissioners have ruled that only the following varieties shall grade into the six-row malting grades: O.A.C. No. 21 Mensury, Manchurian, Mensury Ottawa No. 80, Chinese, Garbons and Peatland.

Two-row malting barley according to the "Act" must be of a variety or type equal in value for malting or peeling purposes to Canadian Thorpe. By the same ruling of the Board only the following varieties shall be placed in these grades: Candian Thorpe, Duck-bill, Hanneken, Gold, Charlotte-town No. 80, Plumage Areher and Early Chevalier.

All other varieties including the smooth awned sorts such as Regal, Wisconsin No. 38 etc. shall be graded into No. 3 C.W. or lower grades depending on quality.

Church of the Brethren Notes

What is Sunday for? Help answer that question in the Sunday School, next Sunday.

How do you like birthday celebrations? The Pastor will speak Sunday morning on "preparing for the Birthday of the Church." Important, isn't it? Attention! Young People! A service for you Sunday evening. A stirring appeal under the caption, "Open Windows."

Important meeting of deacons, ministers and wives Sunday afternoon at the parsonage. Right after church.

Group meetings at 7.30. Last Sunday night the prayer meeting had a larger attendance than the intermediates. In two weeks we will begin a children's service, also Thursday in Ascension Day. June 9 is Pentecost. In the intervening days the disciples did much praying. Let us also do so. Prayer meeting

"Too Much Wealth in the Hands of a Few People"

In the countryside, in streets of villages, towns and cities; in homes, in market places, from pulpits and public platforms; from men in many walks of life you hear the same pronouncement—"Too much wealth in the hands of too few people."

Who can rectify such an unsatisfactory state of affairs?

In many instances the people themselves have the remedy.

In the grain business the grain growers have the remedy in their co-operative marketing organization. All they need to do is to give their patronage.

Co-operative organization is the most effective means of preventing accumulation of great fortunes in the hands of a few people.

Co-operation Never Makes Millionaires

The Marquis Athletic Club Annual Sports Day, Saturday, June 1st.

Don't forget the Annual Sports Day at Arrowwood on June 3. Bring the whole family and enjoy a real live event. Admission for the day, adults 50c. All children free.

Mr. George H. Scougall will be in Arrowwood on Monday, June 10th, at R. N. Moir's residence, from 10 a.m. to 5 p.m. for the revision of the Federal Voters List.

A passenger aeroplane is expected to be in Arrowwood on June 3. This is your opportunity to get a real thrill among many others on that day.

The committees in charge of Sports day have completed all arrangements for what promises to be the finest event in the history of the town.

The Girl Guides are preparing resting accommodation for the convenience and comfort for mothers and babies while at the Arrowwood Sports on June 3rd.

While playing softball at Mossleigh last week, Mr. Jack Bremner, of Namaka, had the misfortune to break his leg. He was rushed to Arrowwood where he was attended by Dr. E. J. Liesemer.

Miss F. Gill, Mr. S. Sanford and Mr. M. G. Sanford, of Champion, were visitors at the home of Mrs. and Mrs. W. H. Ellis, Sunday, May 26.

Mr. and Mrs. E. G. Taylor, who have been recently visiting with their daughter, Mrs. R. N. Moir of Arrowwood, left Winnipeg Tuesday for their home in London, Ont.

The many Arrowwood friends of Miss Marjorie Leonard and Miss Willa Leith will be pleased to hear that they have qualified for their caps at the Holy Cross Hospital.

The Conference of the United Church released the list of changes in the various parsonates this week. Rev. V. M. Gilbert has been transferred to Strathmore, while Rev. J. N. Wilkinson, of Crescent Heights, will have charge of the Glenchen, Arrowwood and Cluny pulpits.

Two hundred dollars in prizes are being offered for the various athletic events to be held at the Arrowwood Sports Day on June 3. Come and bring the family. Admission for the Day Adults 50c, all children free.

Boys and girls remember a prize is being offered in the parade on June 3rd for the boy or girl entering the oddest pet.

Harry Loder, tourist, travelling along a highway near Banff by car recently saw a golden eagle fly by the window of his car, and reaching out caught it by the neck and pulled it into the automobile. He turned the bird over to the Banff Zoo.

A forty-mile ski race, a forty-mile snowshoes race, motorcycle ski-joring, figure skating, ladies and men's hockey, championship speed skating, pony ski-joring, trap-shooting, ski-jumping and many swimming events in the warm pool, will be featured at the elaborate winter carnival at Banff on the week's programme beginning February 14.

Sailing recently on her fourth annual cruise around the world, which will take 120 days, with calls at thirty-three ports in five continents, the Canadian Pacific Atlantic flagship, Empress of Britain, left New York with close on 400 passengers. She will return to New York late in May.

WAGIN' TUNG

Vol. 4, No. 39. Arrowwood, May 30, 1935. Items for Thor

The 1935 Ford V-8

is acclaimed by everyone for its stunning beauty, luxurious upholstery and smart appointments. Beneath shimmering beauty is Gibraltar-like strength and safety—a welded-into-one-piece solid steel body. The extremely strong X-type frame of last year has been further strengthened. The breaks are more powerful and operate with less pedal pressure. Big Air-Balloon tires give more road contact and resist tire roll on fast corners. De Luxe models are equipped with Safety Glass all around—at no extra cost.

Our new SPECIAL WHITE GAS is a refined product and is meeting with general approval — at a new low price.

Autolene Oils, the life-saver of gas engines—weight for every purpose at attractive prices.
